

Leading ESG Indicators

A 2022 Research Project Invitation to Participate

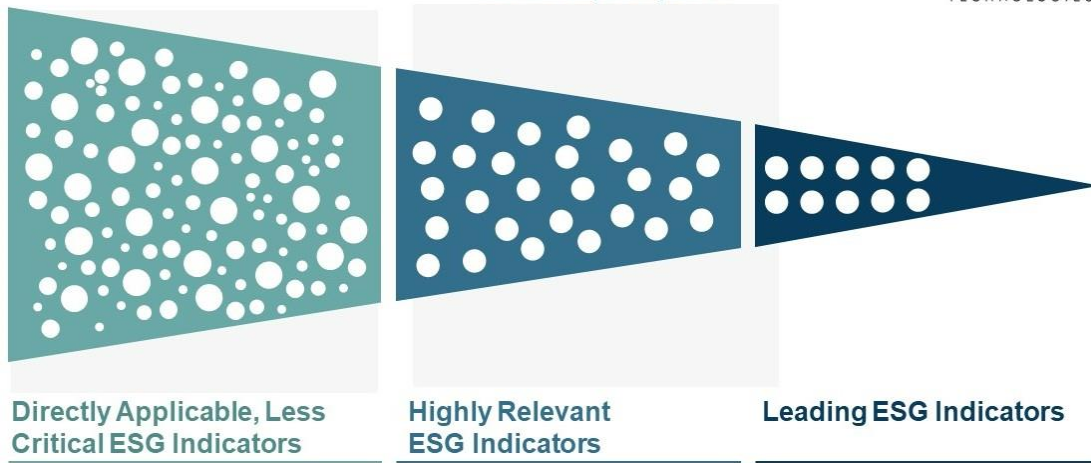

ESG Navigator, the premier global platform to help companies capture value from ESG, is working to identify which performance areas are central to driving value creation for boards, C-suite executives, and key company stakeholders.

PURPOSE

To provide corporate leaders with data-based insights to gauge forward momentum on ESG.

Leading ESG Indicators

Led by ESG Navigator team – with guidance from our corporate partner

RESEARCH PLAN

- Target 150 major (mostly S&P 500) companies
- Analyze which Key Sustainability Indicators are most important to corporate ESG leaders
- Supplement with survey of ESG thought leaders

YOU RECEIVE FREE DATA AND ANALYSIS

- Top 30/20/10 Leading ESG Indicators
- Analysis by company ESG maturity
- Coverage by key ESG ratings [See Example]
- Invitation to join participant-only webinars

KSI Name	CDP	SASB	TCFD	ISS	MSCI	Refin	S&P	Susty
Company Purpose (Vision, Mission)	○	○	○	○	○	●	○	○
Operationalizing ESG/S	●	○	●	○	●	●	○	○
Commitments (by Board and/or C-Suite)	○	○	○	○	○	○	○	●
Long-Term Viability of Core Business(es)	○	○	●	○	○	○	○	○
ESG/S in Key Business Decisions	●	○	●	○	○	●	●	○

WHAT'S REQUIRED TO PARTICIPATE?

- No financial cost
- Rate 100 ESG KPIs on importance by November 30, 2022
- Estimate ~1 hour total (15 minutes to answer survey; 45 minutes to assess how your company stacks up vis-à-vis key ESG indicators)
